REPORT OF THE SELECTMEN

Last year we stated in our report that our Primary Objective in 1961 should be the acquisition of land. The purchases were approved at the annual meetings and the land in question for town and school use has been obtained.

We are now able to consider plans for additions or improvements to our present facilities.

We agree with the Planning Board that it is now time to make the necessary improvements to the Town Hall. Whether these should include an addition, with kitchen, heating and toilets or confined to the present building with only heating and toilets, is a question that the voters should decide at our Annual Meeting.

Plans for the addition were approved at the Adjourned Meeting in June but construction has not been started as the necessary funds have not yet been voted.

Out of respect to the majority who were in favor of the addition, it is suggested that the plans presented at that time be reviewed before the Article which has been placed in the Warrant to rescind the approval to build, has been acted upon.

In order to raise the Appropriations of 1961, we were obliged to reassess all properties and increase our percentage of valuations from 40% to 60%. If this action was not taken our Tax Rate would have been over \$90 and no rate over \$80 will be approved by the State Tax Commission.

The 1962 Town Budget calls for about \$1000 more than last year and it is understood that the School Budget will show an increase of about \$3000. Keeping in mind that each \$800 ap-

propriated means \$1.00 on the Tax Rate, the proposed increases will mean \$5.00 added to last year's rate or \$66 for 1962.

To this approximate rate of \$66 will be added any appropriation which may be voted on Articles in the Town and School Warrants.

We wish to thank all those who have so kindly assisted us during the past year.

Respectfully submitted,

TRACY A. EATON, Chairman

LELAND A. WILDES

PAUL G. ROBBINS

While the primary interest of the Mason Library is not statistics, we are reasonably proud of the above record for 1961. We have both borrowed and bought more books than ever before, and we continue to be recipients of friendly gifts.

Miss Adshead not only gave us a copy of her latest children's book, but hands over to us her monthly number of *Natural History*—a valuable magazine. Mr. Anderson, after sending us an autographed copy of "The Lonesome Little Colt," paid a visit to Mrs. Frost's room, read the story to the children, and gave that group an extra copy. Furthermore, he has replaced with new ones the worn copies of his entire "Blaze" series. And what a run we have had on Anderson books!

Other donors of books to whom we are grateful are: Mrs. Mary Barnes, Elizabeth Jones, Mrs. George Jones, Mr. and Mrs. McGreal, Miss Voorhees, and Mr. and Mrs. Sidney Walmsley.

The State Library has continued to be our source of specialized information which the local library cannot be expected to have on hand. And under the supervision of the State Library we are to be able to replace with State Aid many of our outmoded classics with the newer editions more attractive in format.

Our need of a card catalog for filing adult cards has been met by an anonymous friend. Ann Washburn and Joan Dunham rate especial thanks for the beautiful Christmas wreath that graced the Library door during the holidays.

We have purchased two step-stools to make reaching books

from the higher shelves less hazardous, and a storm door to help preserve heat. Mr. Murto kindly gave us a reduced rate on heating gas. Mrs. Boyle has given us invaluable assistance by supplying extra help on Bookmobile visits, as well as in the regular routine. The binding of the Town Reports has been brought up to date.

You may note the increase in number of magazines charged out. This may seem even stranger when we say that we subscribe to only **one** magazine, "Popular Mechanics," which is very popular with our boys. "Highlights," for which we have a lifetime gift subscription, is so high in the interest of the children that we should like to suggest a "Highlights" subscription as a birthday or Christmas gift to some child in the family.

Following the appearance of the article "Miss Jones Writes a Library" in the April 1961 number of Yankee Magazine, we had visitors from as far as Kansas and inquiries from much farther. Not only have we had verbal expressions of interest, but Mrs. J. K. Milliken of N. Dighton, Mass., and Mr. and Mrs. George R. Wallace of Fitchburg have made generous cash donations to start a fund for further expansion. In this connection I should like to add that two other out-of-town friends, Dr. Ruth Ingraham and Miss Grace Ingraham of Brooklyn, on their annual visit to Mason have given money for this purpose.

On May 18th Miss Sybil Beatham transported the Librarian to Bedford, N. H., to a neighborhood meeting sponsored by the State Library. On December 7th Mrs. Sargent was the good neighbor who took Mrs. Spalding, Mrs. Boyle and the Librarian to Keene, N. H., to see a display of several hundred new books at the headquarters of the Branch Office of the State Library.

For all our material gains we are deeply grateful — but the most valued possession is the spirit generated in the Library. It is worth all the effort put into the project to observe the first-graders being introduced to the library by their elders, the sec-

ond-graders, on the first Friday after school begins — or on a day when three or four children burst in with the announcement "New Boy!", and then proceed to show him what is in store for him. The Trustees and I do not take all the credit for this spirit, and we wish to thank the teachers for their interest and support.

We extend to all persons in Mason a cordial invitation to
Come See.

ELSIE A. RESOR
Librarian

REPORT OF THE PLANNING BOARD

Satisfying the desires of the townspeople as to the necessary and sufficient modifications and improvements to be made to the Town Hall, still remains one of the most perplexing tasks assigned to the Planning Board. A considerable amount of effort was devoted this past year to this task by the Planning Board, separately and in joint meetings with the Selectmen and the Financial Advisory Committee. However, the results to date have been disappointing, as no two consecutive town meetings have shown the same desires expressed by the townspeople as registered by their votes.

Another plan is being submitted at Town Meeting as included in Article 10 of the Warrant. The Boards submit this plan as the minimum expenditure plan satisfying the sanitary, heating and meeting needs.

REPORT OF FOREST FIRE WARDEN

AN APPEAL FROM YOUR FOREST FIRE WARDEN

In these days of constantly rising taxes and wages, any unnecessary expense is an added burden on everyone's pocketbook—yours and mine. Forest fires cost money and damage our valuable woodlands. Lightning sets some forest fires, but we have no control of lightning. Children cause many fires. Ninety-eight percent of our forest fires result from human carelessness — our carelessness. This, we—you—and I can do something about.

When we require you to obtain a permit for out-of-doors burn-

ing or forbid you to burn on days of high fire danger or set up regulations—hours, etc., governing the use of the town dump we are simply protecting yours and the town's interests.

The ever present threat of forest fires is the concern of all of us; the responsibility for preventing them is ours and the costs of extinguishing are ours. We can do something about this problem, by being aware of and alert to the danger and by cooperating with your warden.

Do the things that are required of you—

- 1. Follow the warden's directions.
 - 2. Secure the required burning permit.
 - 3. Keep your fires under control.
 - 4. Completely extinguish your fires before leaving them.
 - 5. See that your children are properly cautioned.
- Everyone will benefit by it.

REPORT OF THE FINANCE BOARD

This year effort was concentrated on the requirements of town finances and the joint planning needs of the school district and the town.

Joint meetings were held with the Selectmen, the Planning Board, and an architect to develop plans for an addition to the town hall as required by a vote of the townspeople. These plans were submitted to the townspeople at an adjourned town meeting and were accepted. However, the financing for such addition was rejected at a later special town meeting.

The Financial Advisory Committee met in joint session with the Selectmen to develop a recommended budget for the ensuing year. The budget as proposed is approved by the Financial Advisory Committee as fair and reasonable in meeting the needs and desires of the townspeople.

SCHOOL WARRANT

The State of New Hampshire

To the Inhabitants of the School district in the town of Mason qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said district on the 2nd day of March 1962, at eight o'clock in the afternoon, to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the district.
6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.
7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.
8. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obliga-

tions of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state foundation aid fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.

9. To see if the district will vote to authorize the School Board to raise a sum of money not to exceed \$64,000—by issuance of Serial Notes or Bonds in the name or and on the credit of the district in accordance with Chapter 33, N. H. Revised Statutes, 1955 Annotated, subject to any state or federal grants available in the future and applicable to this article for the purpose of erecting the proposed addition to present school plant, said Serial Notes or Bonds to be obtained on such rates or terms as may be deemed advisable by the School Board and paid off over a period of not over 20 years, or take any action relating thereto.

10. To see if the district will vote to raise and appropriate a sum of money not to exceed \$1200.—for the purpose of paying off the first payment of Interest on the aforesaid Notes or Bonds, or take any action relating thereto.

11. To see if the district will vote to raise and appropriate a sum of money not to exceed \$4500.—for the purpose of providing the salary for an additional teacher, district's share of teacher retirement and social security, should Article 9 be voted in the affirmative, or take any action relating thereto.

SUPERINTENDENT'S REPORT

To the School Board and citizens of Mason, I respectfully submit the 1961 annual report as your Acting Superintendent of Schools.

STAFF AND INSTRUCTION

The Mason School opened in September with no change in staff, as follows:

Mrs. Neta Frost, Principal	Grades 1, 2 and 3
Mrs. Helen Garland	Grades 4, 5 and 6
Mr. Peter Schimmel	Grades 7 and 8
Mrs. Laila Luhtala, R.N.	School Nurse
Dr. Robert Wellwood	School Doctor
Mr. Harold Forrest	School Custodian
Mrs. Alma Tibbetts	School Attendance Officer

The continuation of the same staff is advantageous to both teachers and pupils. The instruction becomes more effective because the individual pupil's needs are known. There is greater continuity in the subjects of the program.

The achievement test results in May indicated the greatest growth in achievement was in the second and eighth grades when comparing the class average of May 1960 with that of May 1961. The grade growth pattern ranged from .3 of a grade to .9 of a grade over the previous year.

The average grade achievement is shown by grade norms using the whole number to indicate the grade and the decimal to indicate growth at grade level. 1.4 means child's grade achievement is grade one, fourth month.

Grade		1961 Norm	1961 Average	Growth
I)	1.9	2.0	+.1
II)	2.9	3.0	+.1

From the above it is clear that the pupils in the two-grade classroom improved more than those in the three-grade organization because in the two-grade group, one half of the teaching time is available to each grade, while in a three-grade organization the teacher can devote only one third teaching time to each grade level in each subject in the curriculum.

BUILDING AND GROUNDS

The report of the Joint Building Committee, composed of the Mason School Board and the appointed Advisory School Building of five, deserves consideration of the proposed improvement of the school building facilities and additional classroom space to ensure greater pupil achievement in the elementary grades.

The budget reflects the foresight of the School Board in acquiring the deeds or titles to the parcel of land known as the "Crathern parcel" and the transfer of a parcel of land from the Mason Congregational Church to increase the size of the Mason school site.

SPECIAL ARTICLES

Article 9 in the school warrant should be given thoughtful consideration to alleviate the crowded classroom condition.

Article 11 calls for the appropriation of \$4200 for salary of the additional teacher in the event Article 9 is passed in the affirmative.

FINANCES

The School Board's Budget for 1962-63 shows an increase of only \$2052.94 over the budget for 1961-62. The slight increase is due to the fact that in 1961-62 Capital Outlay amounted to \$2650. whereas in the 1962-63 budget the special articles in the warrant are not included in the budget estimate.

CONCLUSION

I wish to thank the Mason School Board, the Mason School staff, the clerical staff in the administrative office and the citizens of our town for their cooperation, patience and assistance during the transition period in the administration during the school year. Collectively we constitute a good educational team working for progress in educational offerings in order that the boys and girls of Mason may be better prepared for their participation in today's world.

**REPORT OF THE SCHOOL BOARD
AND THE ADVISORY SCHOOL BUILDING COMMITTEE**

Feeling that adequate housing for our school children is of primary importance, the School Board and School Building Committee

present the following school building program for your consideration.

LONG RANGE NEEDS: The following long range needs must be met in order to provide adequate educational facilities for our children.

1. A total of four classrooms, each with 900 sq. ft.
2. A multi-purpose room for assembly, school lunch program and recreational activities.
3. A kitchen for food preparation and serving.
4. A school office.
5. A conference room for such uses as special remedial reading, library, teachers' meetings, community groups, etc.
6. Adequate toilet facilities.

OBJECTIVES: To meet urgent needs for educational space.

To provide flexibility in the use of facilities.

To plan for the future.

STAGE NO. 1: The first stage of construction provides the following facilities:

1. Two new classrooms with toilet rooms.
2. Improvement of existing building including toilet rooms.
3. Multi-purpose room (with a temporary kitchen) designed to become two future classrooms.
4. Office, conference room, storage room, janitor's room, entrance hall, etc.

STAGE NO. 2: A future stage of construction will provide the following facilities:

1. Conversion of Multi-purpose Room into two additional classrooms with toilet rooms.
2. Conversion of old classrooms into Multi-purpose Room.
3. New kitchen to replace temporary kitchen.

FEATURES:

General:	Walls of brick and masonry, block backers, acoustical tile ceilings, asphalt tile flooring on concrete slab, wood windows, 40 foot-candle lighting, forced hot water heating in the new wing.
Classroom:	900 s.f., work counters with sink and bubbler, chalkboards and tackboards, wardrobes, toilet rooms.
Multi-purpose Room:	1800 s.f. to seat 200 at assembly or community meetings; 130 for dinners; recreational space, temporary kitchen, and designed for 2 future classrooms.
Conference Room	Suitable for groups up to 14 people, remedial reading class, library, teachers' rooms, etc. New entrance hall for convenience of community groups.
Office:	Principal's desk and records, conferences with individual pupils or parents.
Future Kitchen:	Located near entrance of old school and so convenient for both school and community uses.

ESTIMATED COSTS: The following cost estimates are project costs including construction, fixtures, site development, architect's fees and other miscellaneous expenses.

	Est. Cost	State Aid	Net Cost
Stage No. 1	\$64,000	\$19,200	\$44,800
Stage No. 2	\$24,000	\$ 7,200	\$16,800

SUMMARY: Stage No. 1 meets the existing needs with maximum

economy, with great versatility for use by both school and community, and with due consideration for the future. As a result of thorough study by the School Board and the Building Committee Stage No. 1 is unanimously recommended for approval by the School District.
